

Pajero Pitman Arm SX7790

Over the last number of years, SX5248 has been sold to suit 9/97-4/00 NL Pajero. Whilst SX5248 can be used for this application, the more appropriate pitman arm is SX7790. SX7790 has been designed based on genuine, with more accurate dimensions and angles, to retain the correct steering geometry for this vehicle.

**SX5248****SX7790**

Both SX5248 & SX7790 are available from Roadsafe PAJA.
